### INDEPENDENT AUDITOR'S REPORT

May 20, 2008

To the Township Board Township of Union Grand Traverse County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of Township of Union, Grand Traverse County, Michigan as of and for the year ended March 31, 2008, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Township of Union's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Township of Union, Grand Traverse County, Michigan as of March 31, 2008, and the respective changes in financial position thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Township's basic financial statements. The other supporting information described in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended March 31, 2008

The Management's Discussion and Analysis report of the Township of Union covers the Township's financial performance during the year ended March 31, 2008.

### FINANCIAL HIGHLIGHTS

- Our financial status remained stable over the last year. Overall total capital assets remained the same.
- Overall revenues were \$83,727.57 from governmental activities with a \$8,259.89 increase in net assets.

### **OVERVIEW OF FINANCIAL STATEMENTS**

The annual report consists of basic financial statements and required supplementary information.

### **ENTITY-WIDE FINANCIAL STATEMENTS**

- The entity-wide statements report information about the Township as a whole. The statement of net assets includes all the Township's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.
- All of the activities of the Township are reported as governmental activities. These include the General Fund.

#### **FUND FINANCIAL STATEMENTS**

The fund financial statements provide more detailed information about the Township's funds, focusing on significant (major) funds not the Township as a whole. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The Township Board also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditures of those resources.

#### FINANCIAL ANALYSIS OF THE TOWNSHIP AS A WHOLE

Our cash position in the governmental activities remains stable.

#### FINANCIAL ANALYSIS OF THE TOWNSHIP'S FUNDS

The General Fund pays for all of the Township's governmental services with total expenditures of \$70,531.95.

### CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

- The Township's governmental activities invested \$0 in capital assets.
- The Township's governmental activities paid \$0 in principal on long-term debt.

### KNOWN FACTORS AFFECTING FUTURE OPERATIONS

The future of state revenue sharing is very clouded and it represents a significant portion of our income.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year ended March 31, 2008

### NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS

13 195 62

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities, these costs are allocated over their estimated useful lives as depreciation

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

### Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Township of Union, Grand Traverse County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

### Reporting Entity

The financial statements of the Township contain all the Township funds that are controlled by or dependent on the Township's executive or legislative branches.

The reporting entity is the Township of Union. The Township is governed by an elected Township Board. As required by generally accepted accounting principles, these financial statements present the Township as the primary government.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Township's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

### Note 1 - Summary of Significant Accounting Policies (continued)

#### Governmental Funds

### General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

### Fiduciary Fund

The Current Tax Collection Fund is used to account for assets held as an agent for others.

#### Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

#### Receivables

Receivables have been recognized for all significant amounts due to the Township. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

#### Inventories

Inventories of supplies are considered to be immaterial and are not recorded.

#### **Investments**

Investments are stated at market.

#### **Property Taxes**

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned

Properties are assessed as of December 31 and the related property taxes become a lien on December 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the county tax rolls. The 2007 tax roll millage rate was 1.2167 mills, and the taxable value was \$20,683,580.00.

#### **Encumbrances**

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

### Note 1 - Summary of Significant Accounting Policies (continued)

### Capital Assets

Capital assets are defined by the Township as assets with an initial cost of more than \$500.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building Equipment 40 years 5 years

#### Compensated Absences (Vacation and Sick Leave)

Employees are not allowed to accumulate vacation and sick pay.

### Post-employment Benefits

The Township provides no post-employment benefits to past employees.

### **Fund Equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### Note 2 – <u>Budgets and Budgetary Accounting</u>

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

- 1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Township Board for consideration.
- 2. The proposed budgets include expenditures as well as the methods of financing them.
- Public hearings are held to obtain taxpayer comments.
- 4. The budgets are adopted at the activity level by a majority vote of the Township Board.
- 5. The budgets are adopted on the modified accrual basis of accounting.
- 6. The originally adopted budgets can be amended during the year only by a majority vote of the Township Board.
- The adopted budgets are used as a management control device during the year for all budgetary funds.
- 8. Budget appropriations lapse at the end of each fiscal year.
- The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Township Board during the fiscal year.

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

#### Note 3 - Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Township to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Township Board has designated one financial institution for the deposit of Township funds. The investment policy adopted by the Council in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The Township's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

	Carrying Amounts
Total Deposits	<u> 105 728 79</u>

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

	Bank <u>Balances</u>
Insured (FDIC)	106 018 79
Uninsured and Uncollateralized	<u>4 781 32</u>
Total Deposits	110 800 11

The Township did not have any investments as of March 31, 2008.

### Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the grater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Township manages its exposure to interest rate risk is by participating in financial institution pooled funds and in mutual funds which hold diverse investments that are authorized by law for direct investments.

#### Concentration of Credit Risk

Generally, credit risk the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The financial institution pooled funds are the mutual funds do not have a rating provided by a nationally recognized statistical rating organization.

The investment policy of the Township contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by Michigan law.

#### **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Michigan law and the Township's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits.

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

#### Note 3 – Deposits and Investments (continued)

### Custodial Credit Risk (continued)

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Michigan law and the Township's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investment, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities though the use of mutual funds or government investment pools.

### Note 4 - Interfund Receivables and Payables

The amounts of interfund receivables and payables are as follows:

<u>Fund</u>	Interfund Receivable	<u>Fund</u>	Interfund Payable
General	1.467 61	Current Tax Collection	1 467 61

#### Note 5 - Pension Plan

The Township has a defined contribution pension plan covering the Township Board members and the assessor. The Township and the covered employees each contribute one-half of the cost of the plan. Pension expense for the fiscal year ended March 31, 2008 was \$2,345.56.

#### Note 6 - Capital Assets

Capital asset activity of the Township's Governmental activities for the current year was as follows:

	Balance 4/1/07	Additions	Deletions	Balance 3/31/08
Governmental Activities:				
Land	17 919 00	-	-	17 919 00
Buildings	52 676 00	-	-	52 676 00
Equipment	8 963 00	<u> </u>		8 963 00
Total	79 558 00	-	-	79 558 00
Accumulated Depreciation	(45 419 11)	(4 935 73)		(50 354 84)
Net Capital Assets	<u>34 138 89</u>	(4 935 73)		29 203 16

### Note 7 – <u>Deferred Compensation Plan</u>

The Township does not have a deferred compensation plan.

### Note 8 - Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Township has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

### NOTES TO FINANCIAL STATEMENTS March 31, 2008

### Note 9 - Building Permits

The Township of Union does not issue building permits. Building permits are issued by the County of Grand Traverse.

### Note 10 - Budget Variance

The Township spent \$3,122.28 on highways and streets which was not budgeted, resulting in a \$3,122.28 budget variance.

### BUDGETARY COMPARISON SCHEDULE – GENERAL FUND Year ended March 31, 2008

				Variance with Final Budget
	Original	Final		Over

### AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

May 20, 2008

To the Township Board Township of Union Grand Traverse County, Michigan

We have audited the financial statements of the Township of Union for the year ended March 31, 2008. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

### <u>AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES</u>

We conducted our audit of the financial statements of the Township of Union in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Township Board Township of Union Grand Traverse County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

### SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

### **OTHER COMMUNICATIONS**

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

### COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

### SEGREGATION OF DUTIES

The Township's system of internal control is affected by the size of the staff that it can employ.

The ultimate accounting system would include enough employees to completely segregate all aspects of each transaction. Different departments or individuals would handle: transaction authorization, transaction execution, asset handling, recording of transactions, review of transactions and subsequent control of assets.

The Township cannot enact a complete segregation of all aspects of each transaction due to the nature of local units of government. The "cost to benefit" relationship also would not justify a complete segregation of all duties.

We recommend that the Township Board Members understand these circumstances when performing their oversight responsibilities.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Township's financial statements and this communication of these matters does not affect our report on the Township's financial statements, dated March 31, 2008.

### **SUMMARY**

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

Campbell, Kusterer & Co., P.C.
